

KADET

"THE WEST POINT OF TEXAS"

A NOTE TO OUR FELLOW CADETS

This is our story of the year 1954-1955 at our school, Peacock. It is a story of our development, achievement, and improvement, which was made possible by the fine leadership and assistance of Colonel Wesley Peacock, and all the other members of the faculty.

We hope this annual will be kept a lifetime to help you renew old memories and remind you of your old friends.

With this wish, we proudly present the 1955
KADET.

FOUNDER

Located at Woodlawn Lake, three miles from the business district of San Antonio, the Peacock Military Academy was founded in 1894 by Professor Wesley Peacock and is recognized as the oldest private school in Texas under the same family management. Some of the students now in attendance are sons of men who themselves attended the same school many years ago.

The school was chartered by the State of Texas, February 18, 1904, and in the same year was one of the first three schools in the state to be recognized by the United States Government, when the first of many high ranking officers of the United States Army was detailed to the Academy as Professor of Military Science and Tactics.

When, on July 7, 1908, Peacock was first classed "A" by the War Department, this was the first school, not only in Texas, but in any Gulf State, to receive this high recognition. It has consistently received a high rating each year.

During World War I this Academy was designated by the War Department to train civilians, as well as Cadets, to become officers of the army. After the war the United States Veterans' Bureau leased for five years the Academy and property, where subsequently five thousand ex-service men of the army were rehabilitated and were given vocational training under Government supervision.

Upon termination of the Government lease in 1926, Professor Peacock gave the active management to his two sons, Colonel Wesley Peacock, Jr., as Superintendent, and Colonel Donald W. Peacock, as Commandant of Cadets. In realization of the founder's life-long ambition the Academy became an educational foundation in 1933, when it was re-chartered as a non-stock, non-profit educational institution.

During World War II the Academy again served the nation and state by training its young men students to take their places in the total war effort which led to victory. Hundreds of alumni

scattered throughout the world during the conflict attested to the benefits derived from their Peacock military, mental and moral training.

Fully accredited by the State Department of Education and the Southern Association of Colleges and Secondary Schools for college entrance without examination, and recognized by the United States Government for military equipment and training under Section 55c of the National Defense Act, the Peacock Military Academy is justly proud of its long and honorable record of over fifty years of successful experience in training boys and young men for college, for business and for life.

FIELD DAY

Members of the Monkey Drill Team engage in a hotly contested game called "Musical Basket," to start the Field Day activities.

The "Musical Basket" provides fun for everybody!

The Battalion is formed, and award-winning cadets line up to receive the medals they have earned.

Combat Training—The use of the bayonet is demonstrated.

The Tumbling Team exhibits skill in co-ordination and teamwork.

Eliminations begin in the senior division of the Manual of Arms Contest to select the best-drilled cadet.

Four blindfolded cadets—Sears, Rodgers, Gutierrez, A., and Johnston, P.—stage a "Battle Royal" during Field Day.

Cadet Captain Allan Drewa receives the General Phelps Medal.

Col. Wesley Peacock greets King Antonio XXXIII upon the King's arrival at the Academy for the annual parade honoring King Antonio during Fiesta Week.

The McKinnon Rifles, Peacock's crack drill team, performs the King Antonio salute in succession.

The president of the Fiesta Association presents a flag that has been flown over the Capitol of the United States to the Academy. Battalion Commander Spalding accepts the flag for the Academy.

Michael Horton, son of Peacock graduate "Buddy" Horton, receives a trophy for skilled horsemanship in an exhibition of fine horses at the King's Parade. The Queen of the Tournament of Roses at Pasadena, California, an honor guest during the Fiesta, presents the trophy.

Reynolds Andricks, president of the Fiesta Association, is happily situated between Miss Fiesta (left), Queen of the San Jacinto Fiesta, and the Queen of the Tournament of Roses, Pasadena, California.

A thrilling pyramid ride by the Monkey Drill Team climaxed the King's Parade activities.

FIESTA

The Queen Anne Salute is executed by our fast-cadence drill team, the Peacock Zouaves.

"Ruffles and Flourishes" and the "General's March" are played by the Drum and Bugle Corps for King Antonio XXXIII.

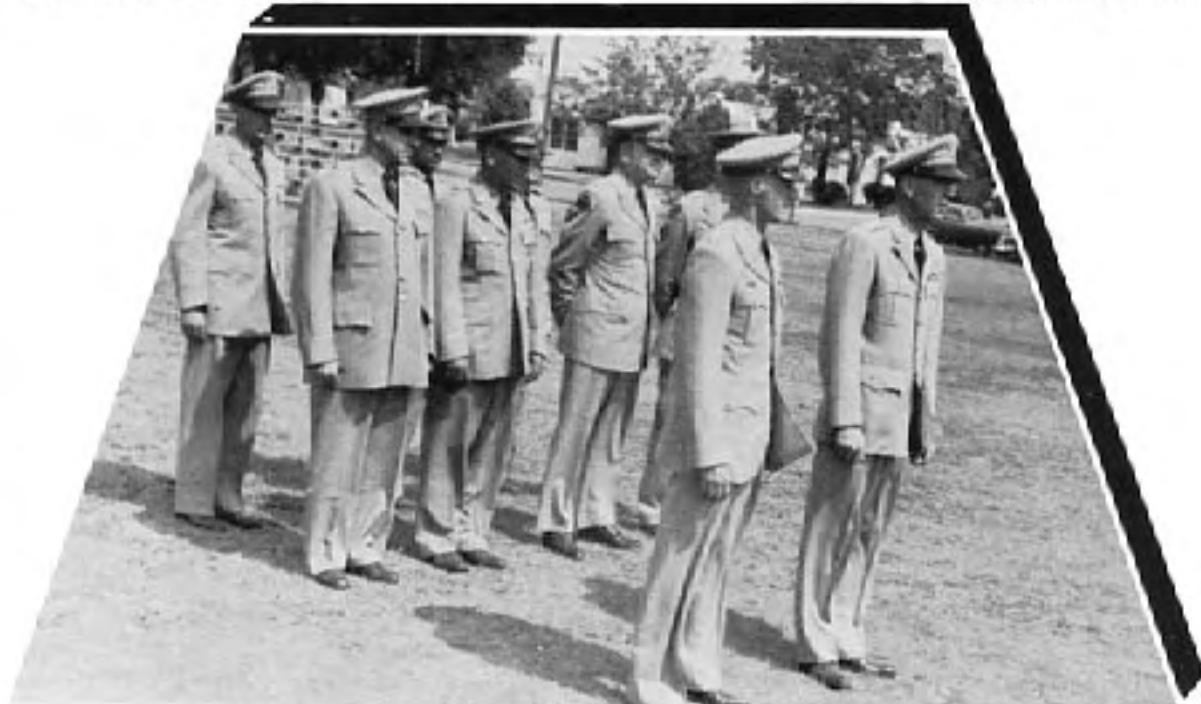

The Peacock entry in the River Pageant won a blue ribbon!

The Monkey Drill Team made a big hit with the spectators attending the Battle of Flowers parade during the San Jacinto Fiesta.

The Peacock cadet corps marches smartly down Houston Street during the Fiesta parade.

The government inspection team has formed to make an inspection of the rifles.

Cadets were asked various questions throughout the inspection.

Left: Captain Hindt reports that his company is ready for inspection.

Right: An inspecting officer checks Cadet Harris' rifle.

The Tactical Platoon, supervised by Captain Moore, prepares to demonstrate a maneuver which involves attacking two barracks to show the Inspection Team that Peacock cadets are aware of simulated battle conditions. Blank ammunition was used to make the colorful attack more realistic.

One of the most valuable achievements in military or civilian life is a knowledge of First Aid.

Cadets demonstrate various standard positions for firing the rifle in Rifle Marksmanship.

A demonstration of stretcher transportation was made for Federal Inspection.

CEREMONY AT FORT SAM HOUSTON

A special Honor Platoon, led by First Captain Joe Spalding, represented our school at Fort Sam Houston on March 2, 1955, in a Dress Parade commemorating the first military airplane flight.

The reviewing officer, General Foulois, piloted the first flight. (He began the flight at 9:30 A.M., and ended it at 9:37 A.M., on March 2, 1910, attaining a height of 100 feet, and a speed of 50 m.p.h.)

An air demonstration of modern aircraft followed the Dress Parade.

GENERAL FOULLOIS

The Honor Platoon executes "Eyes Right!" as it passes the Reviewing Stand.
