FOREWORD

May 24, 1957

*When you look
through this book, we hope
it will renew old memories and
remind you of old friends —
undoubtedly among the finest things
life has to offer.*

The Annual Staff

DEDICATION

MRS. LAWSON H. RICHARDSON

Some of us began our studies at Peacock in the seventh grade, under the guidance of Mrs. Lawson H. Richardson. The rest of us began our studies at Peacock in the higher grades. All of us have felt free to turn to Mrs. Richardson when we felt the need of a friend. Her frank, sincere advice and understanding have made those of us who sought it come away with the feeling that there is much in life that is fine and good, and well worth striving for.

We dedicate THE KADET of 1957 to Mrs. Lawson H. Richardson.

Mrs. Richardson and friend, "General Pierre Gustave Toutant de Beauregard."
("Beau," for short!)

INSPECTION IN RANKS

"How do you like Peacock?" was the question asked Cadet Dunlap.

"Cadet Hymer, what is the caliber of this rifle?" asked the inspector.

"Your shirt pocket is unbuttoned!"

"You have a very good shoe shine!"

FEDERAL INSPECTION

TACTICAL PLATOON

The Inspectors observe as Capt. Young, the platoon leader, gives the attack order to his squad leaders.

After having listened to Capt. Young's attack order, the chief of the Inspection Team comments on the good and bad points of the order to Capt. Young and to Lt. Elizondo, the instructor of the tactical platoon.

While the squad leaders were receiving their orders from the platoon leader, the light machine gun team made sure that its weapon was in good condition.

Before the order to move out was given, the troops relax for a few minutes.

The break is over, and the troops are getting ready to move out to the final line of departure. This will be the last phase before the attack.

The platoon is moving across the field in "Platoon 'V.'"

The rocket launcher team is in position and ready to fire.

The problem is over and the troops assemble to hear a critique of the problem. The instructor's critique was followed by a general critique by the inspecting officers.

ALL IS OVER!!! We are ready to go home. The problem was rated "EXCELLENT" by the Inspection Team.

CAMP BULLIS

"You men who are not going to fire in the first relay stay in back of the firing range!" While instructions were being given by Lt. Elizondo, the first relay was getting into position.

"Hagan, ask Col. Cole if they are ready on the firing line." The answer being yes, firing commenced.

F I R I N G R A N G E

"Harris, did you say to pass out the ammo?" Cadets Heye and Finnie worked hard loading and reloading the clips.

Jagou and Navarro are still trying to get their first round off, while Kenney and Johnson are already asking for a re-check.

CAMP BULLIS

"Too much work!" Putting up the targets wasn't just fun—there was some work attached to it.

"Tell them that we are ready." Col. Cole, pit officer, was on the job to see that the targets were handled properly.

FIRING LINE

"Look, he finally made a 4!" After each round, the target was marked. A few targets did not have to be marked at all!!!

Indicating to the cadets on the firing range where their shots went, was no easy task. Many good marks showed up, but there were also many red flags!

CAMP BULLIS

The tents were set up in "Company Front" with the officers' tents in front of the line of pup tents. The soft ground made a very comfortable mattress.

In the early hours of the morning, the mess section takes a break after eating their breakfast. After they finished, they took care of running the "chow line" for the other 52 hungry cadets.

They start filing past the containers of hot eggs and bacon. There was plenty food and hot coffee. The cadets claimed that eggs and coffee never tasted so good in the Mess Hall.

CAMP BULLIS

The chow line continues!! After everyone had gone through, there was plenty left for seconds, although after a good night's rest the cadets weren't too hungry!!!

Before breaking camp, the cadets relax a bit.

The pup tents were down; the packs were packed; all the equipment was on the shoulders of the cadets and the hike had started. It was a three mile hike (cross-country) back to the bus, but everyone made it in fine shape.

McKINNON RIFLES

The team salutes the reviewing officer.

It takes many hours of hard, hot practice to perfect the team.

RODEO CLUB

TALENT SHOW

These buxom girls (?) are: Wallace, Wagner, Spiritas, O'Neil, Hinojosa and Skeeters.

The "Calorie Queens" worked up an appetite doing the can-can!

Bostick makes like Elvis!

Darwin Harris, Daughtry and Dunlap create a little hillbilly harmony.

Something-out-of-the-distant-past (Fiveash) gives Bernie Young a tough time!

Versatile Joel Lindsey and A. C. Hymer indulge in wit, song and dance for everyone's enjoyment.

"Battle of the Drums." Boyd vs. Bevers.

Young, Abel, Grace and Massey scatter a few notes.

GYMKHANA DAY

Oliver wins!

They're off!

This was the first year for Gymkhana Day. It was sponsored by the Student Council, under the direction of Col. Richardson, Capt. Snowden, and Lt. Cortez.

Col. Richardson presents the trophy to Jose Gonzalez, President of the Junior Class.

Photo finish!

Just one foot is touching the ground!

Looks like a slow start!

Some of the nags were restless!

Now **THIS** is something you don't see often!

Ball throwing contest

WESTERN DANCE

For the first time in the history of the Academy a Western Dance was held on our outdoor terrace. It was sponsored by the Student Council, and was under the direction of Darwin Harris. This dance turned out to be one of the most successful social events of the year. The "special" stars of the floor show were Cadets Young, Daughtry, Harris D., Bevers, and Boyd.

FIELD TRIP TO FT. SAM HOUSTON MEDICAL CENTER

Bloody, isn't it!

We thank you for your show.

CAR CLUB

The as yet unnamed car club got a late start. This Model "A" Ford has been covered with a coat of primer paint, and moved to a garage of its own. Activity will be resumed in the fall in the new area.

The seniors enjoyed having their own cars during Senior Week. Seniors Dunlap, Gonzalez, R., and Schmidt were honorary members of the club.

JUNIOR-SENIOR PROM

The evening began with a buffet supper on the terrace of the San Antonio Country Club. The food was wonderful!

COMMENCEMENT EXERCISES

Declamation speaker Dunlap.

Declamation speaker Solomon.

Cadet officers receive final commission papers from Col. Cole.

Cadet Royall receives his diploma from Col. Wesley Peacock.

THE GRADUATE'S PLEDGE

"With a solemn sense of my responsibility

I pledge myself

To hold my Diploma as a sacred trust,

With untarnished honor to myself,

In generous loyalty to the Academy,

And with fidelity to my country,

My fellowmen, and my God."

Seniors line up to receive congratulations, and to bid everyone a final farewell.

The younger cadets are sad; they are going to miss the seniors.

Emotions are mingled on Commencement Day. Everyone is happy over achievements; unhappy over the possible separation from close friends.

Some of the graduates have been close friends for six years.

Many parents and families were present.

Girl friends came, too!

"Now, if you'll just pull them up a bit, the length will be perfect."

What's the big surprise?

"I'll bet you can't tell who I am?"

"Oh! How so, how so?"

"Are we going to raid the senior terrace tonight?"

"This is the way you do the swing dance."

"Yes, sir, we'll all be at V.M.I. next year."

Col. Cole announced: "The correct uniform for supper will be class 'D.'"

"Do they expect me to eat this???"

"Now for the fat man's race—Walker, French, de la Torre and . . ."

"Do they expect me to hit a bull's eye from this position?"

Inspecting the new bugles are Professors Tomasek, Abel and Grace.

• Col. Cole and Lt. Jagou don't mind us having a little fun after taps . . . as long as we don't wake them up."

"Now men, as I see it, the situation is this . . ."

"Let's hear some noise!!!"
